- **BECCA Care**[™] - Local sales,

BECCA®

It's all about improving your productivity, finishing quality, & saving money.

In today's environment, industrial operations know the meaning of efficiency, reduced cycle time and variable cost reduction.

BECCA continues to redefine what a Solvent Recycler supplier should do for its customers:

Help Customers Succeed

Deliver Quality Products

Bring the Latest in Technology

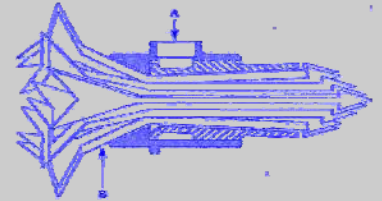

Provide the Best Service

BECCA Accel-Cool™

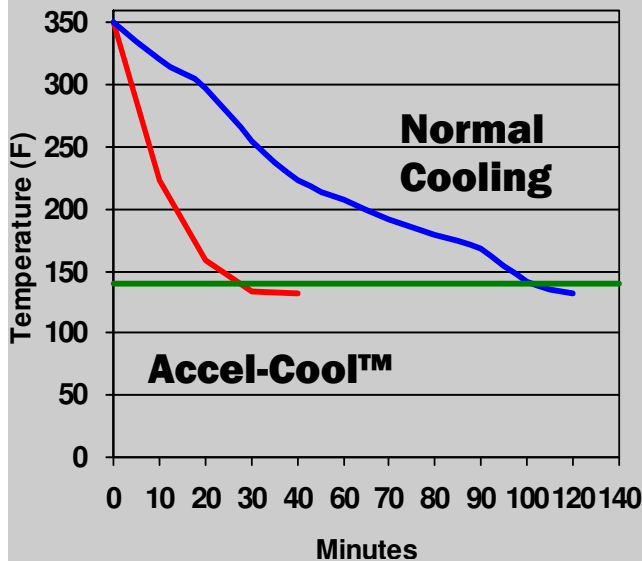

BECCA has created the finest system for reducing your solvent purchases and your Hazardous Waste generation! The BECCA Solvent Saver™ is simply the most practical, cleanest and most cost effective solution for your solvent recovery needs.

Now BECCA has designed Accel-Cool to reduce the time it takes to cool the recycler and get it ready for the next process. Results will vary depending on the amount of solids in your particular waste. Testing and actual use have shown a reduction of up to 75% in cooling time.

(Test conducted w/ 17.5 Gal Recycler)
