By  **BECCA**

## Specially Formulated To Dry Waste Waterborne Paint

Works great with  
Waterborne Basecoat  
Paints including:

- Axalta®**
- PPG®**
- Sherwin Williams®**
- BASF®**
- AKZO Nobel®**
- Valspar®**
- & Others**

- **Dries Waterborne Waste Paint in an Hour**
- **Simple 3-Step Process w/ Easy to follow instructions**
- **Disposable Container**
- **Non-Hazardous** (Should be tested w/ documentation on file)
- **Use 2 - 8oz Bottles Per 2.5 Gal of Waste Paint or a partial Scoop (1 : 10 Ratio) w/ Disposable Cups**

H<sub>2</sub>O Dry Kit

**Step One**

Add 2 Containers of H<sub>2</sub>O Dry to 2.5 Gallons of Paint Waste

**Step Two**

Stir Vigorously for Several Minutes to Completely Mix in H<sub>2</sub>O Dry

**Step Three**

After One Hour, it will Gel... Additional time will allow Waste to Dry Further

Or

**Disposable Cup**

Add H<sub>2</sub>O Dry to Disposable Cup, Stir, Let Dry before Disposing

Dispose of Waste in Accordance with all Federal, State & Local Requirements
