Attention: **Customer Name**

Please review the below equipment Quotation of BECCA's answer for Waterborne applications. We are pleased to quote the following:

BECCA E700M Manual Waterborne Spray Gun Cleaner Workstation w/ Pre-Rinse System:

Manual Cleaning:

- **Manual Flow Brush** - Stiff nylon bristles for pre-cleaning tough impacted areas w/ a Flow Control Valve for easy operator adjustment.
- **Stainless Steel Cleaning Basin** with cover is oversized to provide a spacious work area.
- **BECCA POWERPISTOL™** - Quick and powerful spray gun cleaning

Spray Gun Cleaner Workstation General:

- **Made in USA**
- **BECCA Power-Clean™**. Compressed Air connection with a High Flow QD protecting the air passageways during the cleaning process.
- **Pre-Rinse System** - Pre-Rinse process to reduce waste solids thrown into cleaner. Waste management process using H2O Dry. Includes Pre-Rinse Bottle, Funnel, Container, 6 pack of H2O Dry, 3 Stir Sticks & 3 Liners
- **Air Pistol** - for quickly drying interior and exterior residual fluid
- **High Flow Composite Quick Disconnect** - Specifically for water-based materials
- **1- Heavy Duty Diaphragm Pump.**
- **5 gallon HDPE container** - A 5 gallon HDPE container is included with the system for waterborne cleaning solutions
- **2-year Limited Warranty** - longest in the industry.
- **Solvent Resistant Ultra Powder Coated Finish** over heavy-duty metal construction.
- **Water Wave™ Concentrated Cleaning Solution & Clarifier Packet Starter Kits**
- **BECCA Care™ Service** - BECCA has next day delivery of service parts and a national network of Service Centers.

Shown w/ Optional Cover Door

Options:

- **Workstation Cover Door** - This is designed to cover the working area when not in use.
- **Heat Package** - BECCA's heat system elevates the cleaning fluid temperature providing better cleaning. Standard model for general purpose locations (120V @ 4.6A) & Heat-On-Demand Class I Div 1 (Exp-proof) model. (120V @ 10.5A)
- **Protect™ Film** - This is a maintenance film that makes clean-up simple and easy
- **ENVIRO™ Clarifier Recycling System w/ Air Bubbler** - Batch process includes 3-container Clarifier System for Fluid Recycling. Includes (3) 5-gallon pails, (2) lids, (1) liner, (1) pre-filter, (1) final filter & Bubbler Kit w/ Flow Control.
- **ENVIRO™ Single & Dual Cartridge Filtration Recycling System** - Continuous process filtration minimizes labor efforts. Single Includes (1) 75 micron filter Dual Includes and (1) 75 micron filter and (1) 25 micron filter for fluid recycling.
- **TURBO™ Pressure Pot & Fluid Line Cleaner** - This system was designed to handle the cleaning of Pressure pots &/or pressurized fluid lines typically found in large or high production operations. The Turbo action will clean the pots &/or lines to a level that assures success
- **Splash Cone** - Assist in capturing overspray when using the Mounted Power Pistol
- **Carbon Absorption Exhaust System** - (When Water Wave is not used) Some installations cannot accommodate exhaust duct and/or allow VOC's into the environment. This active carbon system will capture those VOC's and their respective odor. Note: replacement is determined by odors emitting from the unit and/or a monitor (not supplied) placed in the area.
- **6" Exhaust Package** - (When Water Wave is not used) Required with some cleaners that have solvents
